SUBSCRIPTION INFORMATION

Subscription Notice for Draft Agenda Items

In compliance with Public Utilities Code Section 311.5, parties who wish to subscribe to receive draft agenda items may do so by writing to the Public Utilities Commission; Attention: Poly Arca, Room 1003, 505 Van Ness Avenue, San Francisco, CA 94102, or by calling (415) 703-1798. The cost for a one-year subscription to the entire public agenda package (which excludes Executive Session materials) is \$1,000. You may also order a partial agenda package (energy agenda items only or telecommunication agenda items only) at the cost of \$500 per year. The package you receive via mail will include only those agenda items available at the time of the agenda distribution date, which is usually 10 to 12 days prior to the Commission meeting. If agenda items (including revisions) are not ready on the distribution date, they will be made available at no charge in the lobby outside the Commission Auditorium at 9:00 a.m. on the morning of the Commission meeting, but not earlier.

In addition, the Commission will make draft agenda items available for viewing and photocopying (at 20 cents per page) at the Commission's Central Files Office (Room 2002), 505 Van Ness Avenue, San Francisco, and in the Los Angeles, San Diego, and Sacramento field offices. Since the agenda package will be mailed to these locations, it will be available at these locations a day or two after the distribution date. These locations will not receive agenda items that are not ready on the distribution date.

If an agenda item is held over to a subsequent Commission meeting, that agenda item and any revisions to that agenda item that were available on the morning of the initial Commission meeting (as well as any further available revisions) will be mailed in the Escutia package for the subsequent Commission meeting; the item and its revisions will also be available for viewing and photocopying in the Commission's Central Files Office and field offices as set forth above.

Intervenors who have a financial hardship determination pending or granted shall be eligible to receive draft agenda item packets at no charge.

2/4/02	A00-11-038	Southern California Edison Company, for authority to institute a rate stabilization plan with a rate increase and end of rate freeze tariffs
	A00-11-056	Pacific Gas and Electric Company, emergency application to adopt a rate stabilization plan
	A00-10-028	The Utility Reform Network, Petition for modification of Resolution E-3527.

Summary: On January 30, 2002 at 2:30 p.m. at the CPUC in San Francisco, the following persons attended an all-party meeting initiated by Commissioner Brown, to wit: Commissioner Brown's Advisor, David Gamson; from Coalition of California Utility Employees [CUE] – Marc Joseph, its counsel; from Southern California Edison Company – Bruce Foster, Mike Hoover and Tony Smith; from PG&E – Mark Huffman, Chris Warner, Bill Stock and Les Guliasi; from SDG&E – Bill Reed; James Weil for Aglet, Bob Finkelstein for TURN, Chris Danforth and Bill Graham for ORA; and others whose identity was not ascertained. Mr. Joseph of CUE stated that in 1996 the Commission approved the Incremental Cost Incentive Pricing [ICIP] for San Onofre; that ICIP was cost-based, not market-based; based on a forecast of operating costs divided by a forecast of plant output; that CUE sought the ICIP because it feared Edison may shut the plant if recovery of costs was not based on the performance of the plant. There has been no change in law that have repealed Section 367(a)(4). The Proposed Decision does not justify ignoring the clear provision of law. The ICIP must continue through the end of 2003; the ICIP is recovery of operating costs, not transition costs.

Mr. Joseph also stated it would be bad policy to change the ICIP in midstream. The Commission has committed to resuscitate Edison and should not undermine the company before it even reaches an investment grade credit rating. Also, the Commission should not tie its hands by concluding that there is only one kind of cost-based ratemaking, that does not include incentive based ratemaking.
